

How it works

Option 1 - Order quantity online

If you know what quantities you want, order and pay online before delivery.

We will email to agree a time and location to leave containers*

Leave your containers out and we will refill as agreed.

Option 2 - Leave out containers

If you are unsure how much you need, just request a van visit by email or text.

Stick a note on each container about what you want and how much (e.g. full white fusilli. 1/2 full mango)

We will come, fill and then email you an invoice to pay for the total amount.

FAQ

1. You can use any clean container, we weigh before fill so it does not need to be empty.
2. If you prefer, food can be delivered in paper bags.
3. Check website for allergens, we cannot guarantee no cross contamination in packaging.
