

GOING GREEN

A guide to sustainable travel

TOGETHER **We** TRAVEL

FOUNDING
MEMBER OF
**SILVERSTONE
TECHNOLOGY
CLUSTER**

Silverstone Park continues to evolve its connectivity, both for local travellers and those visiting from further afield.

It's important to us that we support the greenest and most sustainable methods of travel, to and from the Park, to help save time and costs while reducing local congestion and emissions.

Our 'Together We Travel' campaign aims to reduce as many single occupancy car journeys as possible, by encouraging the use of alternative modes of transport.

By creating a better environment for all who work and visit us, we're playing our part in ensuring that Silverstone Park is not just a home of innovation and ingenuity, but one of space and sustainability too.

This leaflet summarises the available options, while our website offers further information to help you plan your journeys.

TOGETHER *We* TRAVEL

Commuting to, from and around our park

Self-Service Cycle Hire

The cycle pooling scheme is now available across the Park, offering bike use, free of charge, for up to 48 hours. These can be found in two locations on the Park. (See map overleaf).

Get the Donkey Republic app.

Zoom Taxis

Zoom Taxis are a local taxi company based in Towcester covering the local area.

The Kinto Car Share Scheme

The Kinto Join car share scheme is now running at Silverstone Park. It aims to help business occupiers and employees significantly reduce fuel costs as well as emissions. Commuters can find their ideal 'travel buddies' based on location and working hours.

Get the Kinto Join app.

KINTO
JOIN

New 88-X88 Bus Timetable

A new Stagecoach bus service links Silverstone Park with Northampton, Towcester and Brackley, improving access for employees, visitors and residents. The 88/X88 service supports commuting and easier regional travel for work, education and leisure.
